Stand together

For our school family

Verse 1

The best friends' laugh
Together we haven't missed anything
On the road together until late at night
We sang, cried and often laughed.

Pre-Chorus

When will everything be the same as it was?
When will the world belong to you and me again?

Chorus

Somehow we have to stand together
These are hard times like never before
Look ahead, hope for the best
Together we will surely make it.

Verse 2

Get some cake from your grandma
A place where you can be yourself
Hear stories from a different time
Oh boy would I be ready for this.

Verse 3

Spring is the most beautiful time
Being outside with fine people
An ice cream, a lemonade, be cozy
Oh boy if I were only there.

Verse 4

Being on a mountain now and looking into the distance
Exploring the world – that would be a dream.
Staying at home is just as nice
What do I need Malle and Saint Tropez for?
